REQUEST FOR
QUOTE NO. (RFP)

BRIEFLY DESCRIBE THE APPLICATION

Please complete the following along with units of measure, where applicable

DESIGN CONDITIONS	
Application Objective	
Maximum Allowable Working Pressure (MAWP)	
Maximum Operating Pressure	
Operating Temperature	
Required Flow Capacity / Relief Area	
Maximum Back Pressure	
Vacuum Level	
Process Media (_____)	LIQUID GAS
Cyclic or Pulsating	RATE:
Is Non-Fragmenting Required?	YES NO

RUPTURE DISC SPECIFICATION	
Nominal Size	
Disc Type	
Specified Burst Pressure	
Requested Temperature	
Temperature Testing Required?	YES NO
Manufacturing Range	
Rupture Tolerance	
Material	
Rate of Pressure Rise to Burst	
Leak Rate Requirement	

INLET / OUTLET SPECIFICATIONS	
Max. Overall Length & Diameter	
Inlet Size & Connection (Bolted, Welded, Thread Spec, etc.)	
Outlet Size & Connection (Bolted, Welded, Thread Spec, etc.)	
Flange Rating, if applicable	
Inlet Material	
Outlet Material
