

Declaration of compliance
FDA Regulation for
materials for food contact use

Product: H250/F, H250/RR

We confirm that the wetted parts of our instruments comply with the FDA regulations on materials and articles intended to come into contact with food. FDA considers stainless steel as GRAS for food contact use (**G**enerally **R**ecognized **A**s **S**afe).

Optional ceramic float dampeners on H250/RR comply to FDA CPG 7117.06 and CPG 7117.07.
